1	From the Rev. Comm^r in Mysore No C 3959/25-26 dy 11.7.26 Submits the report called for in this office letter dy 29.5.26 re the grant of 30 acs out of S. No 270 of Bommasandra village to Mr Briggs for cultivation.

The R.C was requested to report how a portion of S. No 270 out of which 52 acs were reserved for Camping ground was given away for cultivation. He reports that this was ordered to be given out for cultivation in accordance with the recommendation of the Dy. Comm^r & that the Phadsal Pahita & the records do not show the S. No as a Camping ground. The D.C is requested to state that the letters referred to in his office letter dy 29.5.26 are also not traceable in his office.

In this connection it may be noted that the R.C has himself stated that the portion of S. No 270

4. The R.C. may, if approved be now requested to ask the D.C Dharwar to have the necessary entries made in the khetwar against S.No 270 as the reservation of 52 ans for Camping ground seems to have been omitted by the Revenue department by oversight.

T 7. It will be seen from (T) that S. No 270 of Bommasandra village in Attibele Taluk is a Military Camping ground & that out of it 52 acres has been reserved as Camping ground, being very close to the Road. It is out of this portion that 30 acres have been irregularly given away to the Boriggs for cultivation, without orders of Govt. Kind reference is invited in this connection to the notes in the office file for 355-R showing how the grant of 30 acres has been irregularly made.

A

B 8. The R.C who was asked to explain how this came about Says that the D.C reports the S. No 270 was not marked in 'Phaisal Pahani' as having been reserved as Camping ground. This explanation of the D.C is not quite convincing inasmuch as in a similar case the D.C has given in July 1898 to understand that no portion of encamping ground should ~~not~~ have been given away

Reference is invited to paras 10 and 11 supra, and also to letters dated 5th Dec 1893 and 18th July 1898 (Flags 2 & V) from the Trichy and Dindigul Resident to the Dewan, which show that it was obligatory on the part of the Durbar to have consulted the Govt of India before appropriating the land for other than military purposes. The grant to Mrs Briggs was made by the Rev. Court by mistake, as there was no entry to this effect in the Khetwar, the Residency was not consulted beforehand. The matter may perhaps be intimated to the Resident now that this mistake is rectified.

Will Secy/Fin. please note as to the obligations if any incumbent in regard to the maintenance of camping grounds for the Br. troops under the Treaty, & with reference to any other undertaking or understanding (if any)

15/4

The Alipore Treaty 1913 makes no mention of camping grounds for British Troops on the march. (Vide Arts 6 to 9 relating to military matters) Nor are any rules relating to such grounds (or connected matters) mentioned in the list of rules in force in 1881 which had to continue in force. There is therefore no treaty obligation in respect of camping grounds.

The matter is also not one in respect of which rules have the force of law.

But it has all along been recognised that recognised camping grounds should be kept intact. A list of all such grounds was made and furnished to the Government of India in 1887. In a letter dated 5-12-23 the Residency wished that lands used for military camping grounds may not be alienated upon or occupied for any other

purpose unless the disposal for such purpose was previously made previously; and in 1898 when the disposal of S. No. 103 included in the list of 1887 was incidentally mentioned in a communication from the Mysore Government the Residency Agency stated that it should not have been utilised for any other purpose without reference to them. With reference to this remark Govt replied "Instructions have been issued to the effect that no land reserved as an encamping ground should be appropriated for other purposes without the express sanction of the Durbar." This was a definite undertaking that camping grounds would be kept intact or used for other purposes only after previous communication to the Residency.

the question. In 1893 the Resr said that the Govt of India in the Military Dept had passed a resolution that no land for mine party a military encamping ground shall be entered upon or occupied for any purpose by the Civil Dept. This resolu of course could apply only to Br. India but the Resr here says that "it was decided that this resolution should apply to encamping grounds in Native States unless the land were held under conditions which prevented the terms of the resolution being carried out". The Resident said that in accordance with the "resolution of the Govt of India becomes applied" if the lands used for military encamping grounds may not be entered upon or occupied for any other purpose & that in cases where previous conditions justify the occupancy of such lands for other

purposes, due intimation may be given to the Residency. It will be observed that the Govt of India Resln cannot have any operation in an Indian State, and the Res communication does not in the nature of a mandate, but merely a request for conformity to the policy adopted in Br. India, for intimation if in any case it was departed from.

2. Subsequently enquiries when intimation was given of any of the encamping grounds in Jaldapur having been otherwise utilised, the Res stated in Jan 1923 that this Memo must have been sent without reference to them. In reply the Govt stated in April 1900 that instructions had been issued to the effect that no lands reserved as an Encamping ground should be appropriated for other purposes without the express sanction of the

the Banks". This cannot however be said to be a binding understanding not to appropriate such land for other purposes without the concurrence or without previous intimation to the Residency.

25 In any case it cannot be held that our legal obligations to the party in Iraq extend beyond the terms of the Treaty of 1913, and as that document makes no mention of any ~~~~ obligations in respect of encamping grounds, any understanding in regard to them, whether express or implied ~~about them~~ must be held to have lapsed

country from ~~non~~ productive uses. All these lands are on main roads, and are therefore valuable. I think it is safe to say that the great majority of them have not been used as camping grounds for over a generation. We do not have many of the Br. military forces across the peninsula from one coast to the other, or from north to south, as there used to be ~~about~~ up to about two decades ago. It would be far cheaper when any actual occasion arises to temporarily acquire the lands for occupation by the Military, as is done every year in respect of lands required in connection with the Military manoeuvres, fields of exercise and practice camps.

is concerned whereas already informed the Govt (Vide my D.O. 634/C.B. of 31-8-24 and to para 3 of G.O. of 28.4.25 which was officially communicated in the 2nd idem) that the Offg Commandg the Bangalore Brigade area had expressed the opinion that even after the land applied for had been taken up there would still remain 100 acres of available for camping purposes, and that this extent would be amply sufficient for all military requirements of the Bangalore Garrison. The grant of Land Revenue eventually fell through. So the land available would be more than ample sufficient. I therefore think that no special reference to the Govt is now necessary about the grant only this letter to Mr Bripp.

NOTE—Contn. Sheet

Seri No.

The list of camping grounds furnished by Deputy Commissioners in 1924, together with the particulars subsequently given by way of explanation, have been checked with the list of 1900 and the results noted in the typed list in the file. The more important points are noticed -- below:-

BANGALORE DISTRICT.

As against 19 camping grounds shown in the list of 1900, the district statement of 1924 showed 21 grounds. After further verification as required in this office Circular letter of 6th July 1926 the Deputy Commissioner proposed to omit Kenchanhalli (item 18 in typed list), there being no authority for its inclusion. If Krishnarajpur (20 and 21) which is shown twice is corrected only once, the number is reduced to the original figure of 19.

Of these, the area varies in ~~seven~~ eight cases (Nos 4,5,6,12,14,15,16 and 19 of typed list) but the variations are not explained in all cases. Survey numbers are not mentioned in regard to - items 8,11,17 and 20. Besides, Nos. 17 and 20 are not shown as reserved for encamping purposes in the Khetwar. As these two grounds appear in the list of 1900, the Deputy Commissioner may be asked to make, with the aid of the particulars mentioned in the said list, a further attempt and locate the grounds. (10 and 11 are shown as occupied.

KOLAR DISTRICT.

The number of camping grounds shown in the list of 1900 is 19, counting Laskkar Dinne (shown as

two items)

Seri No.

(as shown as two items) only once. While the list sent by the Deputy Commissioner contains 19 grounds Only 7 of them are to be found in the list of 1900. The remaining 12 in the original list are not identified by the Taluk authorities for want of "details of survey numbers, villages and taluks" The Deputy Commissioner has included instead 12 plots on the basis of remarks contained in village khetwars as to reservation for camping purposes or on information gathered as a result of local enquiry. Again, as regards the 7 blocks that have been -- identified, survey numbers are not given in the - case of 3. The plot known as Majjige Dinne comprises 7 survey numbers of a total extent of 79 acres and 13 guntas and all these having been long ago disposed of for cultivation, the Deputy Commissioner suggests at the instance of the Amildar, Chintamani Taluk, that gomal survey number 110 -- measuring 115 acres and 5 guntas situated by the side of the Cuddapah Bangalore road may be selected instead of Majjige Dinne.

TUMKUR DISTRICT.

In the list of 1900,19 grounds are mentioned. Thirteen of these are reported to have been identified by the Deputy Commissioner. In the case of the remaining six it is stated that if survey Nos. forming the area shown in the G.O. of 1900 are -- intimated a further verification will be made. It is reported that the ground of Kabbanhalli has been sold in darkhast sale and the sale confirmed. It has been proposed to cancel the sale and send up a further report. In the case of the Ankasandra ground, it is stated that the land has been disposed of for cultivation subject to its being made

available for purposes of encampment and that assessment is being recovered annually. There is no entry of reservation as to camping purposes in the khetwar in the case of Dodguni ground; it is said possibly be survey No. 6 -- (assessed waste) measuring 7 acres 22 guntas of Kanchiganhalli village near Dodguni (village) Part of Mayasandra camping ground was given out for cultivation in 1887. There are some differences between the area now mentioned and that given in the Government Order of 1900.

An additional ground under the name of Turuvekere is included in the district statement as it was learnt that the troops had camped therein in 1885. It is not however mentioned in the khetwar as reserved.

MYSORE DISTRICT.

There are 31 camping grounds shown in the list of 1900. Counting the grounds of Chamarajnagar and Atikalpur only once (they occur -- twice in the list) and excluding Halagur , Bannur T.Narsipur, Ranjur and Bendarvadi , against which there appears the remark "No Camp ground exists here" in the list of 1900, the number of grounds to be accounted for is reduced to 24. Of these 24, it is reported that there is no entry as to reservation in village accounts in respect of Yelwal , Mysore, Kadakola and Chittan halli grounds and hence no particulars are furnished in regard to them in the district list.

Survey numbers are not given in the case of Hampapura, Antarsante and Kakankote grounds and the particulars mentioned in regard to them

in the list of 1900 are merely repeated. In the case of the Malvalli ground it is stated that the land shown under this name in the list of 1900 was being used for a weekly market from 1869 and that was never used as a camping ground. The remaining 16 grounds are accounted for. The Nanjangud ground is reported to be occupied by the Palace Department. In the case of others, some minor differences in area are observable.

HASSAN DISTRICT.

There are 26 grounds shown in the list of 1900. In the case of only 7 of these grounds survey numbers are given. The remaining 19 are reproduced more or less in the same fashion as in the list of 1900. A few minor differences in regard to area are observable. In order to definitely locate the grounds, survey numbers and area are necessary, and the Dy Comr may be addressed in this behalf.

KADUR DISTRICT.

The list of 1900 mentions 9 camping grounds and all these find a place in the district list, with some minor differences in regard to area. Besides these, the district statement contains about 4 more grounds; ~~on the basis of entries in the village accounts, four additional grounds are mentioned in the District Register~~, two of these being based on entries as to reservation made in the khetwar.

SHIMOGA DISTRICT.

In the list of 1900, 32 camping grounds are shown. In the case of 7 grounds, there is the remark 'Not recognised' in the list itself. Hence 25 grounds are to be accounted for. Of these, the

the six grounds of Benkipur, Urgadur, Jalapur Sacrebyle (sites Nos. 1 & 2) and Holalur are reported to be unidentifiable for want of particulars as to survey numbers in the list of 1900 and of note of reservation in the village khetwars. So also Agumbi (2), Megarvalli (2), Thirthahalli (2), Malur and Mandagadde grounds are omitted and it is said that their exclusion -- cannot be explained "as there is no record -- available". Only 9 grounds are identified and even in regard to these, minor differences in area are observable. Four other grounds are - included (Capitals) owing to remarks as to reservation in the village accounts.

CHITALDRUG DISTRICT.

There are 16 camping grounds shown in the list of 1900. Of these, Chitaldrug ground is shown as occupied and as not being fit for camping purposes; of Vijapura ground, some portions, viz., O.S. Nos. 40, 42, 45 and 59, are shown as occupied. In regard to Bharmasagar ground, it is reported ~~to be~~ that there is no note of reservation in the khetwar; Davangere ground is reported to be unidentifiable for want of a sketch and other particulars. Rampur ground is shown as belonging to Kerekondapura village. The grounds of Harihar and Malebennur are also reported to be unidentifiable. On the whole, only 12 grounds are identified.

Orders are solicited as to how all these points are to be dealt with or considered. It will be further observed from the above that for want of particulars as to survey numbers and -

NOTE—Contn. Sheet

area in the list of 1900, the grounds are now not identifiable by the District or Taluk -- authorities, in several cases; the want of - sketches showing the exact position of the -- camping grounds in relation to surrounding - lands has also added to this difficulty. The remarks in the printed list of 1900 and in - other portions of the file containing this list indicate that sketches of the grounds were sent to the Residency with our letter of 1887. If we could get these sketches or copies of them they will be of great help to the District and Taluk Officers in identifying these grounds. It is necessary to mention in the consolidated list not only the area and but also the original and re-survey numbers of the grounds. After attending to these points and omitting the additional grounds mentioned, for which there are no specific authorities, - the list may be set in type and proofs sent to districts for final verification and ensuring that all doubtful particulars are eliminated.

Another point for consideration is that by showing the camping grounds in the village maps in a particular and conform colour or with a distinguishing mark such as e.g. their non-appropriation for other purposes may be secured. If approved, the Suptt. Revenue Survey, may be consulted in regard to the feasibility of this

As regards S. No 49 of Peddanahalli referred to in the present letter under disposal it may be noted that as per list of May 1908 there ought to be an encampment ground at Peddanahalli This has not been identified by the local Officers evidently for want of S. No. & boundaries in the list.

No 77 of Peddamachalli under reference to officers of that village. From the remarks made by the D.C. against these S. Nos in the list forwarded with his letter No. 11-8-26 it may be presumed that they are not the areas reserved in the G.O. of May 1900. In the circumstances it is for consideration whether S. My dear Mirza,

I have read the file regarding the camping grounds and entirely agree with the draft. The only suggestion I have to make is that it might facilitate a disposal of the matter if you were to get Sir William Meneker, who is the person really concerned, on your side to support ~~that~~ you. If he says he has no use for the land, then I think the matter is settled. I would therefore suggest a d.o.letter to him in the first instance. As I know how overwhelmed with work you are, I enclose a draft of a d.o.letter I think might serve the purpose.

6.7.29 RG 6/7/29

My dear Sir William Heneker,

I am writing to ask if you will very kindly help me with your advice on a military matter which is of some importance to us, namely, the provision in Mysore State of camping grounds for troops on the march.

I may say that the State are under no obligation to provide these camping grounds, but I am anxious not to take any action that would put you and your troops to any inconvenience, and therefore, before taking action towards arranging for the use of the lands for other purposes, I have thought it best to consult you as to what are the actual necessities of the present situation.

The grounds in question have all been reserved for the special purpose of encampments for troops for half a century or more, under arrangements which probably date from pre-railway times, when troops were marched, for instance, from Bellary to Mangalore. So far as I can ascertain none of them has been used within living memory.

At the same time, when lands are required in connection with manoeuvres or fields of exercise and practice, no difficulty has been found in securing what is wanted by a payment for temporary occupation, and no difficulty would, I am sure, be experienced in securing camping grounds if ever they were required.

On the other hand, you will see that the locking up of capital and loss of income involved by the reservation of these lands is very large ~~indeed~~ indeed. The camping grounds are 150 in number and vary in size from 1070 acres to 285 square yards. They are all situated on main lines of communication and adjoining them, and consequently have a very considerable value.

In these circumstances I should be grateful if you would advise me whether you would see any objection

to their release and whether in the event of that being decided upon, there are any alternative arrangements which you would like to have put into effect.

I should also be very grateful if, provided you agree to the release of the lands, you would let me know whether there ~~shall~~ would be any objection to my quoting your opinion in demi-official correspondence. I feel that it would greatly facilitate disposal of the matter if I could quote so high an authority as your own in support of my proposals.

It is now reported by the Deputy Commissioner in his letter No. H.C.897/22-23 dated the 4th July 1924 that the land was accordingly subdivided and was purchased by Mr. Briggs and one Thimmarayappa in a public sale.

Sir,

With reference to this office letter No.S.C.261 Rev.24-25 dated 24th February 1925, I have the honor to invite kind reference to the entries made against Harihar in the statement of encamping grounds submitted therewith and to state that S.No.15 of Harihar village shown therein belongs to the Palace. From para 1, page 14 of the notes of the tour of the Officiating Dewan in March last, it will be seen that this S.No.15 is now proposed to be utilised for the extension of Harihar town and orders have also been received in Government Proceedings No.R. 6337-42/R.M.8-24-246 dated 21st April 1925 to the effect that His Highness the Maharaja has been graciously pleased to grant it for this purpose. Accordingly, steps are being taken to make this land available to the sufferers who lost their houses during the recent floods. In the circumstances, it will not be possible to utilise the land as encamping ground hereafter, and I am requesting the Sub Division Officer Davangere to select other suitable land for this purpose. A further report will be submitted on receipt of his reply.

Enclosure No. / Memo with 3 sketches

Sir,

With reference to your letter No.G 6955/FF 49-24 re verification of encamping grounds and in continuation of my letter No. S.C. 261/24-25 dated 14th May 1925, I have the honor to forward herewith a memorandum containing further information obtained from Amildars in connection with the marginally noted encamping grounds. None of the Amildars have been able to trace the sketches referred to in column of the statement published with G.O.No 8427-9/R.F.2-98 dated 25th May 1900.

Three sketches received in connection with the camping grounds at (1) Chellak (2) Tallak and (3) Avergere are also submitted for the information of Government.

I have the honor to be,

Your most obedient servant,

Deputy Commissioner,

thesurvey number of the camping ground have not been mentioned. The Amildar, after local enquiry reports that when regiments visited the place previously, S.Nos. 281 and 282 which are gomal lands and which are situated by the side of the Chitaldrug-Chellakere cross road were utilised for halting and that no remark has been made in the khetwar indicating any particular number as encamping grouhd. A sketch of the above two survey numbers is enclosed.

2. A sketch of the encamping grounds of Tallak is also enclosed.

3. Harihar:- From the shanbhog's statement received with the report of the Deputy Amildar, it is ascertained that no lands belonging to private persons have been acquired by payment of compensation or Government lands set apart as kharab for use as encamping grounds and that, whenever regiments visited the place they used to encamp in resurvey No.15 (21 acres 15 guntas) and also over an extent of 18 acres situated by the side of the railway, out of the village site, the total area of the latter being 91 acres 11 guntas. The Deputy Amildar states that, neither in the khetwar nor in the Phaisal Patrike has there been any entry to the effect that resurvey No. 15 has been reserved or used as encamping ground. Since this survey number has recently been directed by Government to be utilised for forming an extension at Harihar, the Deputy Amildar proposes that a suitable extent, out of 18 acres of Gavthana land situated near the railway station may be reserved as encamping ground. The Sub Division Officer, Davangere after inspection of the latter land reports that it is quite suitable for the purpose and that there is no other convenient land available. Orders of Government approving of the above proposal are solicited.

4. Davangere:- In the Government order of May 1900 details about S.No of the encamping ground are not mentioned. The Amildar reports that in the khetwar of the village, no survey number has been noted as reserved for encamping ground, that originally regiments used to halt in the "Biredevaru Tope" adjoining the high road near Davangere, that after the expansion of that town S.Nos. 256 (Kharab), 289 and 290 (both occupied) of Avergere village are being used. The frontage of the above S.Nos. on the side of the road is as follows:- S.No.256, (429 feet) S.No.289, (1518 feet) S.No. 290, (660 feet) Hence in the statement now sent Avergere is

mentioned. A sketch of the lands is also submitted.

5. Rampur:- In the Government order of May 1900 ,the encamping ground is named Rampur. In the present statement the place is mentioned to be Kerekondapura. The Amildar,Molakalmuru Taluk reports that the camping ground is still styled "Rampur" but the S.Nos. are actually within the limits of Kerekondapur village.

6. Bharmasagar:- In the Government order of May 1900, S.Nos. 6, 7, 8 and 10 are mentioned as camping grounds. These four numbers are now occupied numbers and S.No. 1 (Gomal) is used as camping ground. The Amildar reports that there are no references on the subject.

7. Vijapur:- The S.Nos. (Maji) mentioned as camping grounds in the Government order of 1900 with the corresponding resurvey numbers @@ are noted below:-

Maji No.	Resurvey No.
40	45
41	46
42	47
45	50
58	64
59	65.

No remark has been made either in the khetwar or Phaisal Patrike about these numbers being used as camping ground except in the case of maji S.No.41 (Re.S.No.46). At present, resurvey numbers 46, 65 and 66 are used. These are assessed waste lands. There is no reference to show how resurvey No.66 came to be used as camping ground. Resurvey numbers 45, 47, 50 and 64 are occupied lands.

8. Chitaldrug:- Old survey number 9 (resurvey No. 8) mentioned in Government order of May 1900 as camping ground is now an occupied number. Survey Nos. 126/1 and 126/2 are now used as camping ground but no references are available on the subject.

9. Malebennur:- A further report as regards the encamping ground in the above village will be separately submitted.

Re: The list of Camping Grounds.

Sir,

In obedience to your letter No. G.227-34/P. 49-24-21 dated the 6th July 1926, I have the honour to forward herewith a list of Camping Grounds explaining the differences as to the informations furnished in the original list of 1900 and in the Revised List submitted with this Office No. R.H.C. 365/24-25 dated 5-11-1924

The information required with regard to Camping Grounds in Villages pertaining to the Mysore and Heggadadevankote Taluks has not been incorporated for want of information from the Amildars of those Taluks, who have asked for time till the 15th current of the month. The same will be furnished on a supplemental list on receipt from the Amildars. They have again been reminded to-day in the matter.

I have the honour to be,

Sir,

Your most obedient Servant,

V. G. Ramanathan
Deputy Commissioner
Mysore District.

** The receipt of information from other Deputy commrs could be awaited.
MRS 6/8/26. Completion might begin from now so that by the time the other replies are received, some progress will have been made
MRS 6/8/26

Statement showing the list of Camping Grounds explaining certain differences pointed out in the revised list as compared with the original list of 1900.

Information of Camping grounds as found in the G.O. of 1900.	Information furnished in the revised list.	Explanation offered for the differences found in comparison with the lists.
1. Seringapatam. 63 acres of ground (marked D in the sketch).	Lashkar Maidan 28-21.	It is stated that Lashkar maidan on the Mysore-Ganjam Road is ascertained to be the only land bearing original survey No. 355 and resurvey No. 356, measuring 28-21 guntas that is set apart for camping purposes and there is none other in the Taluk. Probably the area formerly given is incorrect. This land which is being used for camping for a very long time is in fact.
2. Gundlupet 10-0 acres.	Gundlupet(Extent not mentioned).	The Amildar reports that survey No. 187 measuring 17-29 guntas on Mysore Ooty Road near the Traveller's Bungallow in Gundlupet was ordered to be set apart for camping ground as per Deputy Commissioner's order No. C.M. 82 dated 21-1-1895. This is also a tope. The measurement given in the revised list is correct.
3. Begur. 14-0 acres.	Begur 2-27 guntas.	It is stated that survey No. 93 measuring 2-27 is the only land in the village set apart for camping as per Deputy Commissioner's order No. C.M. 82 dated 21-1-1895. Probably the area formerly given is incorrect.
4. Bandipur. 660 455	Bandipur 6-0 acres.	It is stated that out of survey No. 9 kharab measuring 386-28 guntas only 6-0 acres have been reserved for camping as per Deputy Commissioner's order No. C.M. 82 of 21-1-1900 and that there is no other ground in the village set apart for that purpose. The measurement given in the order of 1900 seems to be in feet and not in Yards, in which case the measurement 6-0 very nearly tallies.
5. Malavalli. 17-0 acres	Not known 17-0 acres.	It is reported that the place given in the list of [illegible] the year 1869. It is also reported that there is no land in the kasaba village for camping purposes and that the land in question was never used as a camping ground
6. Chamarajanagar 390' 5108	Karinanjanpur. 3-38 guntas.	The Amildar explains that the camping ground, though called Chamarajanagar Camping ground in the Govt. order, on account of its proximity to Chamarajanagar Town, actually belongs to Karinanjanpur Village, which is only two miles from Chamarajanagar and was shown in the revised list as Karinanjanpur Camping ground. This land bears survey No. 79 measuring 3acres 38 guntas.
7. Poonazur. 600 510.	Punazur. 7 acres.	The measurement given in the revised list was in acres which is almost equal to 600 510 in feet.
8. Athkalpur. (familiarly called as Attikulipur) 510 275 Ft.	Athikulipura A-G 3-38	-Do-
9. Bendravadi. 600 240 Ft.	Bendravadi. 3-5 guntas.	-Do-
10. Bilikere 15-0 acres.	Bilikere. 15-20 guntas.	The camping ground comprises of two survey numbers 182 measuring 4-2 guntas and 186 measuring 11-18 guntas, making a total of 15-20 guntas. The extent originally given was probably approximate. The present extent is as per survey measurement.
11. Periapatna. 849 750 or 14½ acres.	Periapatna 849-0	In the revised list already sent up only length is mentioned as the breadth was not noted owing to clerical error. The camping ground here bears survey No. 97 of Abbur village, and the total extentis 15-29 guntas. Excluding the area set apart for camping namely 14½ acres, the remaining extent will be utilised for Kannambadiamma Temple at the place.
12. Nanjangud. 1050 900.	Nanjangud. 1050	In the revised list the breadth was omitted to be noted by clerical error. The land is reported to be in the occupation of the Palace Department.
13. Sindhuvalli. 600 600	Sindhuvalli. 600	The measurement given in the revised list was incorrect owing to clerical error. The entire extent shown in the Government order is available.

	Maddur. 900 650 or 1-11.	Hulu[illegible]anahalli. 1--11 guntas.
10.	Mandya. 11-0 acres	Janardhanaswamy Tope. 11-5 guntas.

The Amildar explains that the camping ground, though ~~axi~~ called the Maddur Camping ground in the G6. of 1900 on account of ~~isk~~ its proximity to the Maddur Town actually belongs t. Huluganahalli tope which is very near to Maddur bridge on the bank or Shimsha river.

This is reported to be the same as the Janardhanaswamy tope mentioned in the recent list, and that it is situated very close to Mandya town on the Mysore High Road, and that the name is appropriate.

It is reported by the Amildar that there are no references bearing on the subject. It is also reported that in the year 1905 a Military Camp is said to have camped there.

The area notes is correct. But the name of the Village is Gantamavaripalli and not Yetigaddapalli as shown in A.+C list. Since it is reported that the Military used to camp here some years ago, entries are made in the Khelwars to this effect. Beyond this, it is reported that there are no other references available on this subject.

As per order No 143 dated 12-1-1889 of the Kolar Deputy Commissioner, the area is set apart for camping purposes. In the recent resurvey operations an extent of 1-3 acres has been set apart for this purpose and the same has been included in the list.

With reference to your memo No:C.11/1884 dated 26-27 dated the 23-9-1926 regarding encamping grounds, I beg to state that no more information than what has already been furnished is available in this office.

In the first place the grounds mentioned in list B appended to the memo dated of 22-7-26 are over the entire district which of them particularly relate to this Taluk cannot be easily determined as the grounds are not named with reference to the villages in which they are situated but by general names like "Lashkar Dinne" "Dandu Dinne" "Bangale Maidan" &c. With much difficulty and with no small misgivings three of the grounds have, with the help of old shanbhogs and others, been identified as being situated in this Taluk and they are identical with three out of the four items mentioned in statement C. 24 Kannur Tank bed is not in the original order of 1900 it might be left out.

I tried in vain to get the order of 1900 referred to in the correspondence giving a complete and standing list of camping grounds. But no copy is available here and I understand in the District office also.

The original list appended to the order of 1900 might contain further particulars of the several grounds and if a copy of that list is furnished, it might be possible to identify with a certain amount of certainty the several grounds and then find out from the village records their extent &c., and any particular orders or directions that may have been given with regard to the disposal of those lands.

I beg to add that unless these camping grounds are listed with reference to the particular S.Nos: that they comprise of and a remark is made against them in the khetwards it would be diffic

to maintain them in their original condition.

Re: S.No. 109 corresponds with original S.No. 95 and its extent is 7 acres. - The total extent of these two survey numbers Viz, 110 and 109 is 17 acres. The extent of 12 acres and 20 guntas shown in red ink against Re: Survey No. 110 in the statement might - have been the total area reserved for Camping grounds out of the two original survey numbers 1$ and 95 as is seen from the entry in the remarks column against Rank No. 157 in the list appended to Government Order No. $427-9/R.F. 2-9$-dated 2$th May 1900.

Therefore 13 acres and 9 guntas entered in red ink against resurvey No. 129 is the actual area of the original S.No. 33 or Resurvey No. 131 and not the area of resurvey No. 129 which is 16 acres and 20 guntas. The -- Amildar reports that the Re: S.Nos. 129 and 130 were included in the list of Camping grounds as the remarks in the Khetwar for the year 2 1903-1904 showed that they had been included in the list of camping grounds. The Amildar -- states that the authority under which the two Survey numbers came to be included in the list of Camping grounds is not traceable.

Weekly Shandy is being held.	Not known	The number quoted in the list of 1900 is wrong.	8. The original S.No. 92 and not 192 as noted against Rank No. 19 in the list appended to Government Order of 1900 corresponds with resurvey No. 170 which is 1 acre and 20 guntas in extent, and which is also situated in front of Kadur Fort as stated in Government Order of 1900. The above mentioned two original survey numbers 2 and 92 resurvey numbers 53 and 170 are on either side of Kadur-Chickmagalur Road near Bangalore-Harihar Railway line. As they are situated in front of Kadur fort, they are used for holding shandy when not used as Camping grounds. Original S.No. 192 referred to in Rank No. 19 of the list appended to Government Order of 25th May 1900 is reported to be an occupied wet land situated about ¾ mile beyond Kadur Fort and not in front of Kadur Fort as noted in the aforesaid Government Order. Hence ~~x~~ original S.No. 192 seems to be a misprint for S.No. 92 in the Government Order. Thus, according to the Amildar's report the S.Nos. which formed the Camping grounds are 2 and 92 according to original survey and 53 and 170 according to re-survey. The area of these two survey numbers are (13 acres and 15 guntas + one acre and 20 guntas) 14 acres and 35 guntas, but not 19 acres and 20 guntas as given in Government Order ~~No.~~ ——— of May 1900. The surmise of the Amildar appears to be correct as according to the Government Order of 1900 both the survey numbers forming the Camping ground should situate in front of the fort side by side ~~and it~~ which would not be the case if 192 old or 412 new survey number were the Camping ground. Even to-day 170 is classed as Kharab according to resurvey.
There are some houses on it at present.	Not known	--	9) Resurvey No. 4 of Kamandurga village corresponds with original S.No. 5 referred to in Rank No. 157 (Santveri) in Government Order of 1900. Santveri is only a Hamlet of Kamandurga village which is also known as Santveru, Vide letter No. 3432/R.F. 2-95 dated 22nd November 1895 from the Secretary to Government of Mysore, General & Revenue Department, to the First Assistant to the Resident in Mysore read as (9) in the preamble of Government Order No. 3427-9/R.F. 2-95 dated 25th May 1900. Some temporary ~~xxx~~ sheds had been put up on the ground during the outbreak of plague.

10) The Amildar of Tarikere now in his No. Glc.3/26-27 dated 14th September 1926 reports after personal inspection that -- original S.No.196 or resurvey No. 303 measuring 3 acres 12 guntas was by mistake entered in the list of Camping grounds instead of resurvey No. 302 measuring 4 acres 19 guntas which corresponds with the original S.No. 195 referred to in rank No. 157 Lingada halli in the list of Camping grounds appended to Government -- Order No. ~~3027~~ 3427-9/R.F. 2-98 dated 23th May 1900. He further reports that original S.No. 195 was 5 acres and 17 guntas in extent, that out of this, some 17 guntas were taken up for the formation of a road in the year 1900-1901 and there remained only an extent of 5 acres, that during the revision survey settlement this S.No. 195 was given resurvey No. 302, its extent as per revision Survey being 4 acres and 19 guntas, that it is in the holding of Kalhalli bin Sidda and is bordering on Chickmagalur - Tarikere road and that it does not contain any buildings etc., It is therefore to be inferred that the extent of 2 acres and 35 guntas marked in red ink in the statement might have been the area selected for Camping ground out of a total area of 5 acres and 17 guntas of original S.No. 195 referred to the Government Order of May 1900 quoted above. Therefore resurvey No. 302 measuring 4 acres and 19 guntas in the private holding which corresponds with original S.No. 195 referred to in the Government Order ~~No~~. may now be kindly substituted for resurvey No. 303 which is reported to have been wrongly entered. The entries against Rank No. 157 Lingadahalli will be as follows: Old S.No. 195 or Re-survey No. 302 area 4 acres 19 guntas. There is no T.B. or any sort of building on this land.

It is now used as State Forest.	Not known	--

11.) Original S.No. 21 referred to in the list of Camping grounds mentioned in the Government Order of 1900 corresponds with Re.S.No. No. 160. The original S.No. 21 was 9 acres and 27 guntas in -- extent. Out of this number, an extent of 7 acres and 5 guntas -- was acquired for railway line and there remained only an extent of 2 acres and 22 guntas. This area also was sanctioned for forest Depot (building purposes) in Government Order No. 3688-9/R.1157 dated 15th November 1899. The Amildar reports that there are buildings on this land, and it cannot be used as camping ground.

The extentof 3 acres marked in red ink in the list appears to be the area selected for camping ground out of the original S.No.21 at the time.

12.) Original S.No. 17 of Pundanahalli village(not Purdanalli or Mandanhalli as mentioned in Government Order of 1900) corresponds with resurvey No. 25. The Amildar reports that original S.No. 17 was 2 acres and 27 guntas in extent and the resurvey No. 25 also is of the same extent Viz, 2 acres and 27 guntas, and that it is not possible to say how the original S.No. 17 referred to above was shown as measuring 2 acres and 5 guntas in the list of Camping Grounds appended to Government Order No. referred to above. Perhaps out of the total area of 2 acres and 27 guntas of theoriginal S.No. 17 an extent of 2 acres and 5 guntas might have been selected as Camping ground at the time. The Amildar further reports that enquiries made by him both in Lingadahalli and Machenahalli showed that no ~~Military~~ troops had ever encamped in these places. The correct extent of the S.No. may be taken as 2 acres and 27 instead of 2 acres and 5 guntas.

13) The extent of 25 acres and 1 gunta noted in red ink in the list is the total extent of two resurvey numbers 1(12-31) and 2 (12 acres -10 guntas) which correspond with old survey numbers 195 and 200 referred to in Government Order No. 3427 -9/R.F. 2-93 dated 23th May 1900 and it is not the area of - Resurvey No. 2 alone which is only 12 acres and 31 guntas. These 2 survey numbers are within the Municipal limits Mudgere.

Out of original S.No. 195 i.e., Resurvey No. 2,an extent of 6 guntas and another extent of 1 acre of land are reported to have been sanctioned for Ediga and Kabarstan (burial ground) of Mahomadans, by the President,Municipal Board,in his No. 206 dated 27th June 1905and No. 119 dated 10th January 1906 respectively. The Amildar further reports that resurvey No.2 corresponds with original S.No. 195 is situated in rear of the present Travellers' Bungalow and not in front of it as mentioned in rank No. 157 in the list of Camping grounds -- appended to Government Order of 23th May 1900.

Mudigere Taluk (Contd)

Mudigere village R.S.No.1 (Gavtana)	200	--	1	12 - 10	Kadur - Mangalore road	State.

Post & Telegraph building is situated. 11 guntas and 19 yds of land out of this has been granted for the same. 2 guntas have been given for Idiga for Mahomadans, the rest is denoted as Shandy place but there are office -- buildings and quarters such as A.V. School etc.,	--	No remarks in the village Khetwar.	

14) Original S.No. 200 which corresponds with Resurvey No.1 measures 12 acres and 10 guntas. This has been included in the Gavthana(village site) and is situated within the Municipal limits of the Mudgere Municipality. Though it was formerly selected as Camping ground, it has been disposed of by Municipal Presidents for the construction of buildings as the town began to grow. A few cases are noted below :-

Extent	To whom granted & for what purpose.	Authority	Order No & Date
1. 600 Sq.Yds	Mr.Rangarajiah for building purposes.	President Municipal Board	L.F.125 1-2-1912

3. 3333½ Sq.Yds	Mr.Siddegowda for a Students' Home	Do	L.F.No.189 3-4-1914
4. 1610 Sq. Yds	Mr. Kallegowda for building purposes	Do	M.C.235 Dated 2-2-1918

The Amildar further reports that there are several public buildings on this land (survey No. 200 or Re-S.No.1) such as (1) Forest Range Office (2) P.W.D. Overseer's lodge, (3) Middle School buildings etc., and that the authorities under which these several public buildings were constructed are not available in his office.

Out of the original S.No. 200 which corresponds to Re-survey No. 1, a free grant of 11 guntas and 19 yds, was sanctioned by Government in their order No. 10141-2/R. 1314-92 dated 30th December 1892 for building a Post and Telegraph office. But the Amildar now reports that the Post and Telegraph office has since been constructed in resurvey No. 257 corresponding with original S.No. 196.

This original S.No. 139 has since been split up into three survey nurbers Viz., Re: S.Nos. 163, 164, and 166 at the time of the revision survey settlement. The total area of these 3 resurvey numbers works up to 462 acres and 36 guntas as -- detailed below :-

Sir,

With reference to correspondence ending with your letter No:G.6167/P.P. 49-24-31 dated the 6th December 1926, forwarding the monthly volume of the Government Proceedings Book for May 1900 and calling for the early submission of the additional information relating to the Camping grounds of this district, I have the honor to forward herewith a revised list of Encamping grounds in this District and to state as follows:-

2. In the list of encamping grounds appended to the Government Order of May 1900 the grounds are shown for the whole district with general names such as "Laskar Dinne","Dandu Dinne" &c., but without giving the details of survey numbers, villages and Taluks. Only -- seven out of the 19 gnounds referred to in the list of 1900 (Vide also B. list) are identified and the rest are reported to be indeterminable without the abovementioned particulars.

Taluk.	Particulars of Blocks identified. Block as mentioned in the list of May 1900.	Corresponding Block in the list A. submitted from this office.
1. Kolar.	(1) Gollahalli Dinne.	Kendatti-Gollahalli Tamaka.

3. Chintamani	(5) Dandu Dinne.	Dandupalyada Dinne.
	(6) Dandupalya Dinne.	Majjigedinne.
	(7) Majjige Dinne.	

The Kannur Tank bed (Vide S.No:4 in the A list) does not find a place in the list of May 1900. As the Military troops are not usir

this land for camping purposes, the Amildar, Kolar Taluk, recommends that the same may be omitted. In the circumstances reported by the Amildar, the land in question may be eliminated from the list.

3. The plots referred to in the list (Vide A list) submitted from this office, except the seven blocks found in the list of May 1900 are reported to have been included therein on the basis of the remarks contained in the village khetwars that some of the lands were reserved as encamping grounds, as also on information gathered from enquiry that the other lands were being used for camping purposes by the Military troops during their march. The Government or other orders directing the assignment of the lands as encamping grounds are reported to be not traceable.

4. The particulars of the lands reported to have been disposed of for cultivation are noted in the margin. Of these, the two plots of Chintamani Taluk alone are to be found in the list appended to the Government order of May 1900. All the four plots noted in the margin are reported to have been disposed of for cultivation for want of necessary remarks in the khetwars. The Amildar of Chintamani Taluk has suggested that Gomal S.No:110 of Konganahalli village measuring 115 acres and 5 guntas situated by the side of the Cuddapah-Bangalore road may be

CHIEF SECRETARY, Rev 29 JAN. 1929

CB 2912 PP.49-24-34

SIR,

In forwarding herewith a copy of Tumkur Deputy Commissioner's letter No.R.M.2-Pet.1840-28-9 dated 21st December 1928, together with its enclosures in original, I have the honour to state that it is seen therefrom that one Ramajois of Tumkur has been agitating for the grant of S.No.77 of Peddanahalli, Kadaba Hobli, Gubbi Taluk since 1910, and that though the survey number did not find a place in the list of military camping grounds approved by Government in May 1900 it was included in the list of military camping grounds prepared in 1925 without a Government Order authorising its inclusion. It will be seen from the records viz., Deputy Commissioner's reply No.D(1).Dis.534/25-26 dated 31st July 1926 to the Sub Division Officer (Flag T) that the Government having in their Official Memorandum No.G.227-34/P.P. 49-24-21 dated 6th July 1926 called for an explanation regarding the discrepancy between the list approved by Government in 1900 and that prepared in 1925 the Deputy Commissioner furnished the explanation in August 1926. The Deputy Commissioner states that no orders of Government on the explanation have been received and requests instructions as to whether S.No.77 may be disposed of for cultivation. I request the instructions of Government as to whether S.No.77 in question may be disposed of for cultivation.

I have the honour to be,

S i r,

Your most obedient servant,

Assistant Commissioner,
for Revenue Commissioner.

Letter No.R.M.2-Pet. 1840-28-29 dated 21st December 1928, from the Deputy Commissioner, Tumkur District, to the Revenue Commissioner in Mysore.

I have the honour to forward, herewith, the file of vernacular records relating to the darkhast of Ramajois of Tumkur for S.Nos.77 & 78 (original S.Nos.45 and 46) of Peddanahalli, Kadaba Hobli, Gubbi Taluk, and to state as follows:--

It is seen from the records that the darkhastdar has been agitating for the grant of these lands to him since 1910. His earlier darkhasts for S.No.77 (4 acres - 35 guntas assessed at Rs.7-8-0) were rejected on the ground that it was adjacent to the military camping ground. On his further representation, it was ordered on 30th October 1924 that S.No.78 (31 guntas assessed at twelve annas) might be given over to the village community on condition of their paying the assessmen as it contained a katte useful to men and cattle and S.No.77 (4 acres 35 guntas) might be granted to the darkhastdar if it were a land to be included in the A list or disposed of in public auction if it were to come under B list. The disposal of this land was, however, stopped as it was somehow included in the list of military camping ground prepared in the year 1925.

This new list contained several variations as compared with the original list approved by Government in May 1900 and published on page L XXi of the monthly Proceedings. With regard to the camping ground at Peddanahalli the original list contains it as Beddanahalli ground near Kadaba 500 yards x 600 yards and no survey number has been mentioned while the list prepared in 1925 contains three survey numbers noted in the margin. While submitting the explanations called for by Government in connection with these variations, the Amildar reported that Survey number 36 was a gomal S.No.37 a kharab and S.No.77 an assessed waste, and that no reference was available as to when and how these lands were ordered to be included in the list of camping grounds. It is also not clear from the records as to how S.No.77 which was being

S.No.36.	24	acres - 24	guntas.
S.No.37.	1	" - 12	"
S.No.77.	4	" - 35	"

treated as a land adjacent to the military camping ground was included in the list of camping grounds without a Government Order to that effect.

4. In July 1926 i.e., just when Government called for an explanation re the variations, an endorsement was granted to the darkhastdar to await final settlement of the question by Government. No orders of Government have yet been received on the explanatory statement submitted to them in August 1926. The darkhastdar has again presented a petition urging for the grant of the land. He says that it was once granted to the Patel for cultivation and was resigned by him in 1900. This is borne out by the khate extract contained in the file.

5. In view of the facts stated above orders are solicited for the disposal of the land for cultivation.

Circular Memorandum.

Government have ordered that lands reserved for Military Camping Grounds may be disposed of for cultivation or otherwise as necessity arises except such of those as it might be desirable to retain on account of trees existing on them or for any other reasons which make it worthwhile retaining them. If at any time in the future any occasion arises for camping grounds for the Military, suitable lands may be acquired temporarily for occupation by them as is done in respect of lands required for Military manoeuvers, fields of exercises and practice. The Deputy Commissioners of Districts are accordingly requested to forward to this office within a month a list of lands in their Districts which have now been reserved as Military Camping Grounds indicating therein with full reasons which of them may be disposed of for cultivation or otherwise and which may be retained.

SIR,

Regarding disposal of Military Camping grounds S.Nos.101, 141 and 142 of Uddappanahalli village, Malur Taluk.

With reference to the General Secretary's D.O. letter No.230/P.P.49-24 dated 16th July 1929 stating that lands reserved as Military Camping grounds might be disposed of for cultivation, etc., I have the honour to state that in pursuance of the said letter lists of camping grounds with particulars as to which of them should be reserved and which may be disposed of were called for from the Deputy Commissioners of Districts. On the basis of the lists furnished by them a consolidated list of camping grounds that could be disposed of for cultivation or otherwise, was prepared and copies thereof were sent to the Deputy Commissioners of Districts with this office Official Memorandum No.R.Dis.30/31-32 dated 9th April 1932 for disposing of the lands to the best advantage of Government.

2. S.Nos.101, 141, and 142 of Uddappanahalli village, Malur Taluk, are among those camping grounds which were ordered to so be disposed of. It is reported that Captain French who was touring in the Kolar District recently inspected the said survey numbers, opined that they were required for Military camping purposes and stated that he would make a reference to the Government of Mysore i the matter. The Deputy Commissioner, Kolar District, reports in his letter No.M.2-P.R. 120/C. 1635/32-33 dated 5th June 1933 (copy enclosed) that no reference has been so far received either in the Taluk or the District Office and solicits orders as to whether thes lands should be disposed of or not. No reference has been receive

in this office either.

3. In the circumstances reported, I request the favour of orders of Government in the matter.

4. The connected records are enclosed for reference and kind return.

Letter No.M.3-P.R.120-C. 1635/32-33 dated 5th June 1933, from the Deputy Commissioner, Kolar District, to the Revenue Commissioner in Mysore.

With reference to correspondence ending with your docket No.R.Dis.70/31-32 dated 4/9th April 1932, forwarding a list of certain Military camping grounds in this District that may be thrown open for cultivation, I have the honour to state that the Amildar, Malur Taluk, reports that Captain French, who was recently touring in this District, inspected the marginally noted lands and

expressed his opinion that the reservation of these lands is necessary for Military camping purposes and that he would make a reference to Mysore Government. The Amildar therefore solicits orders as to the desirability or otherwise of disposingof the lands in question.

No written reference has so far been received from Captain French either in the Taluk or this office. I request the favour of orders in the matter of disposing or otherwise of the lands in question pending the receipt of a reference from Captain French.

The entire file of papers is also sent herewith for reference and kind return.
